

KAAN MYUMYUN

kaan.myumyunn@gmail.com | 0878120207 | GitHub — <https://github.com/KaanMyumyun>

SKILLS

Backend Development:

C#, ASP.NET Core Web API, Entity Framework Core, REST APIs, JWT Authentication, Role-Based Authorization

Databases:

PostgreSQL, SQL Server, MySQL

Programming Languages:

C#, Java(working knowledge)

Tools: Git, Docker, Swagger / OpenAPI, Bash (Scripting & Troubleshooting)

Languages:

Bulgarian – Native

English – Proficient

Turkish – Basic (listening comprehension)

PROJECTS

Hospital Management System(ASP.NET Core Web API, Entity Framework Core, PostgreSQL, JWT, React, TypeScript)[GitHub: https://github.com/KaanMyumyun/HospitalSystem](https://github.com/KaanMyumyun/HospitalSystem)

- - Designed and implemented a secure RESTful backend with JWT authentication and role-based authorization
- - Built service-layer business logic for users, doctors, departments, and appointments
- - Enforced domain rules such as admin-only operations, status validation, and role restrictions
- - Used DTOs and clean separation between controllers, services, and persistence layers
- - Documented APIs using Swagger / OpenAPI
- - Unit tests and integration tests for core business logic (in progress)

URL Shortener (ASP.NET Core Web API, Entity Framework Core, PostgreSQL, React, TypeScript)<https://github.com/KaanMyumyun/UrlShortener>

- - Built a full-stack URL shortening service with backend API and frontend UI
- - Implemented URL creation, redirection, and persistence logic
- - Designed RESTful endpoints and integrated frontend with backend services

Pokemon Review App (Review application (C#, ASP.NET Core, SQL Server))

- Developed a platform where users can browse Pokémon, leave ratings, and post comments.
 - Implemented CRUD functionality and managed data relationships between users, reviews, and items.
-

EDUCATION

Trakia University – Stara Zagora, Bulgaria

- Bachelor in Software Engineering (Expected 2027)
- Currently in 3rd year

Secondary School “Vladimir Dimitrov – The Master” – Kardzhali, Bulgaria

- High School Diploma (Graduated 2023)
-
